55232 Alzey, Certificate-ID: PA-00302-2023

This offer was classified according to
the criteria of the nationwide label

»Tourism for All«

and, in the period from

September 2023 – August 2026

is entitled to use the label

»Accessibility checked«

and the associated pictograms
in accordance with the contract.

Information for people with walking difficulties and wheelchair users

All areas relevant for testing meet the quality criteria of the label "**Accessibility certified – accessible for people with walking disabilities and wheelchair users**".

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- There is a designated parking space for people with disabilities in the forecourt and four more in the underground car park.
- The elevator from the underground car park to the forecourt is 107 x 138 cm.
- Between the elevator, the entrance area and the WC, the cobblestones have been treated so that they are low vibration (not vibration-free). From the parking area on the forecourt across the street to the entrance, this measure has not taken place, so that the path is not low-vibration and easy to walk and drive on.
- The entrance is accessible without steps via a ramp. The ramp has a gradient of 5.5 % and is 13 m long in total (intermediate platform and handrails available).
- All evaluated rooms that can be used by the guest are accessible without steps.
- All evaluated doors and passages are at least 88 cm wide.
- The counter in the museum foyer is 85 cm high at its lowest point.
- The exhibits are mainly visible while sitting and information is mainly readable while sitting.
- Guided tours are offered for people with walking disabilities and for wheelchair users. Seating is available for use during the tour. The entire route is step-free.

WC in the museum area

- The manoeuvring spaces are:
in front of the washbasin and WC 152 cm x 146 cm;
to the left of the WC 90 cm x 70 cm; to the right of the WC 88 cm x 70 cm.
- There are fold-up grab rails to the left and right of the WC.
- The washbasin is wheelchair compatible.
- There is an alarm trigger.

WC in the forecourt area

- The manoeuvring spaces are:
in front of the washbasin and the WC 200 cm x 145 cm;
150 cm x 70 cm to the left of the WC; 89 cm x 70 cm to the right of the WC.
- There are fold-up grab rails to the left and right of the WC.
- The washbasin is wheelchair compatible.
- There is an alarm trigger.

Information for people with hearing impairments and deaf people

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- There is no clearly visible alarm.
- An outgoing emergency call in the elevators is confirmed visually.
- There is no audio induction loop at the counter.
- Information about the exhibits is conveyed in writing and audibly (via QR codes).
- There are no guided tours offered for people with hearing impairment or deaf people.

Information for visually impaired and blind people

All areas relevant for testing meet the quality criteria of the label "**Accessibility certified – partially accessible for people with visual impairments and blind people**".

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- Assistance dogs are allowed in relevant areas/rooms.
- The entrance area is not visually contrasting.
- The staircase in front of the entrance has a high-contrast design and handrails on both sides.
- From the entrance, there is a floor-based visual and tactile guidance system that leads to the counter, through the three exhibition rooms and to the gallery, as well as to the WC for people with disabilities in the museum area.
- All evaluated and usable areas for guests are well lit, i.e. bright and glare-free.
- The staircase to all exhibition rooms and to the gallery is partially designed with high visual contrast and has handrails with tactile information about the floor.
- In the elevator to all exhibition rooms and to the gallery, an outgoing emergency call is confirmed audibly. The stop position is announced by voice. Controls are visually contrasting and tactilely detectable.
- Exhibits are generally well illuminated.
- Information about the exhibits is conveyed in writing and audibly (via QR codes).
- There are several work stations that provide information on prominent exhibits and are connected to the tactile guidance system. The stations offer exhibits to touch and in addition audible information or information in prismatic writing.
- There are no guided tours offered for visually impaired or blind people.

Information for guests with cognitive impairments

Some **information on accessibility** are listed below. Detailed information can be found in the test report.

- Name and logo of the facility are clearly visible from the outside.
- There is no colored or pictorial guidance system available.
- There is no information in easy language.
- There are no guided tours offered for people with cognitive impairments.

Information on the "Tourism for All" labeling system

All establishments and locations certified with the label "Tourism for All" meet the following quality criteria:

- Data and information on accessibility are collected and checked on site by **external, specially trained evaluators**. The method is not based on self-assessments.
- Data on accessibility is available **in detail** and can be viewed by the guests.
- At least one staff member has successfully passed a **training** on "**Accessibility as a comfort and quality feature**".

The labeling – explanation of the logos and pictograms

The label "**Information about Accessibility**" indicates that detailed and verified information on accessibility is available for all groups of people.

The label "**Accessibility certified**" is based on "Information about Accessibility". It means that the quality criteria defined for specific groups of people are met partially or completely.

The label "**Accessibility certified**" is available in two requirement levels:

"Accessibility certified: partially accessible".

The quality criteria are partially fulfilled for the pictured group of people, i.e. the establishment/location is partially accessible for wheelchair users. The "i" in the pictogram indicates that it is recommended to read again carefully whether the offer meets all (your oder the guest's) individual requirements.

"Accessibility certified: accessible".

The quality criteria are fulfilled for the pictured group of people, i.e. the establishment/location is accessible for wheelchair users.

There are defined quality criteria for **seven groups of people** and a **specific pictogram** for each group.

People with walking disabilities

Wheelchair users

People with hearing impairment

Deaf people

People with visual impairments

Blind people

People with cognitive impairments
